Geotechnical and Geophysical Assessment HKZ III&IV

Question: from the audience

Answer given by: Martijn Klein (Fugro), Ruud de Bruijne (Netherlands Enterprise Agency), Ben de Sonnevile (BLIX), John Carey (WindSupport), Erik Schoute (Fugro)

Question: Is there abandoned infrastructure at the WFS III&IV?

Answer: The geophysical reports and data include the as found existing infrastructure that was identified by means of seismic, MBES, SSS and magnetometer acquisition. Chapter 3.3 of the Project and Site Description gives an overview of all known active and abandoned infrastructure in WFS III&IV.
